CHILD'S 12 MONTH CARE PLAN

The NJCK program requires that you create a child care plan for a 12 month period (including Summer) before we make subsidy payments on your behalf. Your plan will establish the amount of money your family's child care will require during that year. If you do not follow the plan you submit, we may not reserve enough money for your family.

Please Note: **If your child requires care on ½ days and vacations during the school year, you will be responsible to pay for the additional cost of care.** Also, check the cost of care. If your provider's cost of care is more than the maximum allowable rate, you may have to pay the balance. This balance is called an excess fee and must be paid **in addition to** your copayment. This program is not responsible for any additional fees charged by the child care provider.
