

Don't forget your

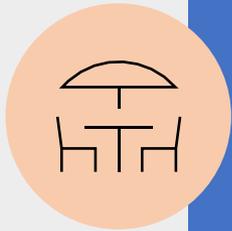

second shot!

Did you know that the second dose* ...

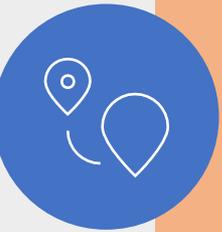

Boosts protection

Increased vaccine effectiveness protects you and others from COVID-19

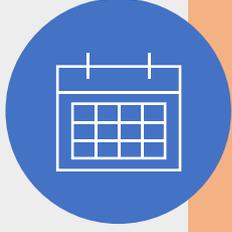

Brings back activities

With full vaccination, you can resume activities you did before the pandemic

Is available anywhere

You can get a second dose at any site in New Jersey

Is not too late to get

You can get a second dose even if you missed your original appointment

*Second dose is required for Pfizer and Moderna. The Johnson & Johnson (Janssen) COVID-19 vaccine only requires one dose. Activities include socializing without a mask, traveling without being subject to quarantine restrictions
