

REFER SOMEONE TO BECOME A PROVIDER AND GET \$1,000!

Do you know someone interested in providing high-quality child care in their home?

Refer them and you could receive a \$1,000 grant when they become registered!

How Does it Work?

To be eligible to make the referral, you must:

- Be a registered family child care provider;
- Be in good standing (no enforcement action and/or funding misrepresentation investigation or misuse of funds).

The person you are referring must:

- Be a new family child care provider. This means they have not been actively registered as a family child care provider for at least six months before the referral.
- Complete the registration process, including the orientation, required pre-service health and safety trainings, mandatory comprehensive criminal background checks and commit to serving a minimum of two children under the age of three.

To make the referral, complete the **Family Child Care Provider Referral Grant Application** at www.ChildCareNJ.gov/FCCReferral.

Applications will be accepted through September 30, 2024.
