BIG FEELINGS, BETTER RESPONSES: DECODING BEHAVIOR

Presented By:
Bright Achievements ABA

What if every child's behavior was a message you could confidently understand and respond to? In this engaging, practical training, child care professionals will learn how to "decode" behavior using the (M)EATS framework and apply simple, effective strategies like Grandma's Law to boost cooperation and engagement. Walk away with ready-to-use tools to reduce disruptions, build skills and create a calm, structured classroom where every child can thrive.

★ **Monday, April 20th**
6:30–8:30PM on Zoom
